## EDUCATION

Present                      Associate Professor in Project Management

2012-2014                  Assistant Professor Coventry University  
Faculty of Engineering and Computing, Coventry University

---

2010/2012	Post- Doctoral Research Fellowship Assistance Faculty of Engineering and Computing, Coventry University
2008/2011	PhD in Project Management. Title of thesis: Critical Success Factors of the implementation of Total Quality Management in the Libyan construction industry, <i>Coventry University.</i>
2013-2014	Postgraduate Diploma Certificate in Teaching and Learning (Pg Cert in L&T)
2013	Diploma in Finance for Project Managers ( key training)
2013/2013	Diploma in Risk Management (East Midlands School of Business and Management)
2007/2008	Postgraduate Certificate of Global Leadership Programme
2006/2007	MSC in Project Management Title of thesis: TQM in the Libyan Organisations. <i>University of Coventry</i>
2000/2002	BSC Computer Programming & System Analysis Department <i>University of alrrazy, Libya</i>

## PROFESSIONAL EXPERIENCE

Present	Associate Professor (Coventry University)
2021-2022	Hatif Libya Company ( HR Director)
2023-2025	Bright Company ( Project Manager ) Part Time UK
2022-2025	Shaheen Company UK ( Project and HR Consultant) UK
2011/2012	Post- Doctoral Research Fellowship Assistance (Coventry University)
2000/2003	General Post & Telecommunication Company
1995/2000	General National Maritime Transport Company Position: Head of team and supervisor of marine workshop

## Project 1.

Co-Investigator, British Council funded project ( with Professor Jean - Claude as co principle the project focus on the development of compressed Earth waste block ( CEWB) supported by the skills development , demonstration and dissemination of the techniques ( 2019-2022) total grand £138,455,00.

## Project 2.

Coventry and Warwickshire Green Business Programme:

CW Green Business Programme will support the shift towards a low carbon economy by deliver a cohesive package of SME support activities that will facilitate economic growth through Coventry & Warwickshire SMEs developing and adopting energy efficiency measures and renewable energy technologies.

The clusters will use the expertise of CU's Centre for the Built and Natural Environment to drive collaborative research projects with SMEs in the low carbon sector. The project started in 2019 and will finish in 2022, Total Grand (£492,000)
